Our Philosophy

We are much more than ivory tower thinkers; we take advantage of **our experience, our education and our street-smarts** to **serve our clients**, to be in **conversation** with our clients, to **help our clients change and grow**.

Webster Pacific Practice Areas

We help our clients...

- Develop business strategy, including identification of strategic assets, competitive advantages and activity systems.
- Analyze acquisition opportunities
- Develop offering memorandums
- Evaluate opportunities, including new markets, competitors, customers, costs, & governance.

- Become more data-driven in decision-making
- Find “data deficiencies”
- Build robust models (“high fidelity prototypes”) that provide simple & understandable answers
- Integrate prototype models into daily business systems
- Utilize Excel & cloud database technology

- Act as CFO on interim & part-time basis
- Aid clients in transition times
- Provide interim controller & bookkeeping services
- Highest quality & consummate professional team

We are research and data-driven, constant learners and deeply care about the success of our clients⁵

How We Work

PURPOSE: Provide a roadmap on management of people, processes and tools for leadership and owners of acquired companies

Key Elements

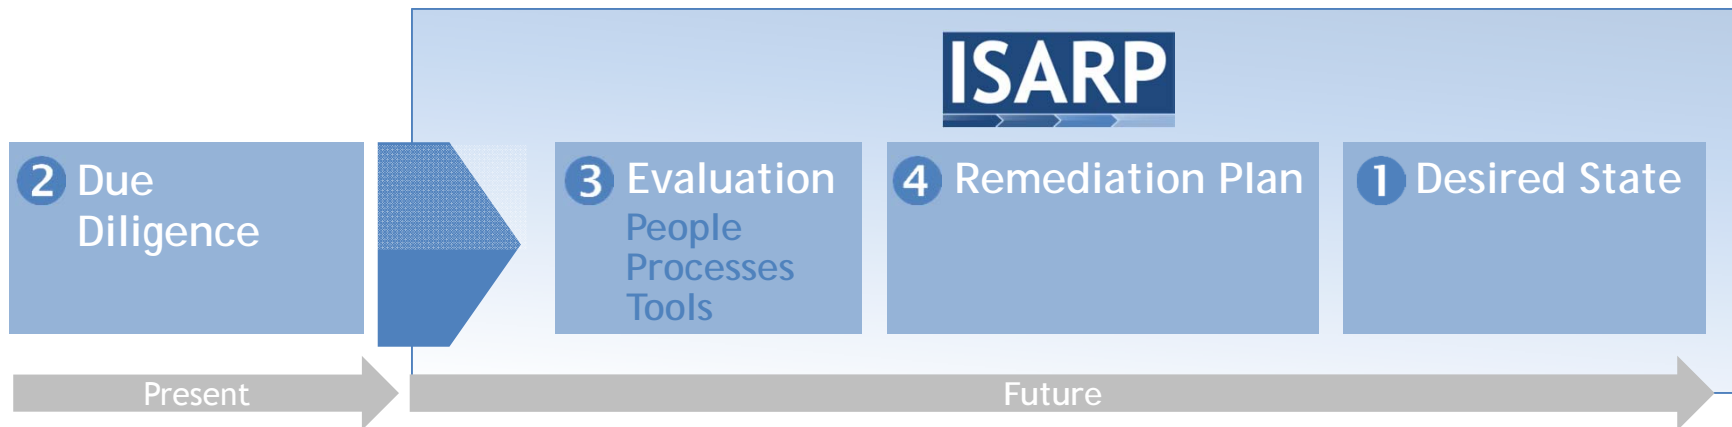

ISARP Internal Systems Audit & Remediation Plan

The ISARP proceeds in the following steps:

- 1 Understand ownership intent (desired state)
- 2 Understand due diligence from acquisition
- 3 Perform evaluation
- 4 Develop remediation plan

Key Activities	Key Outputs/Deliverables
<p>1 Understand Business Model & Ownership Intent</p>	<ul style="list-style-type: none"> • Write-up with tables <ul style="list-style-type: none"> —Financial model, possibly —Working capital opportunities
<p>Evaluate People</p> <ul style="list-style-type: none"> — Roles & responsibilities — Individual skills — Organization & costs 	<ul style="list-style-type: none"> • Org chart & write-ups • Data-based assessments • Comparison to industry norms
<p>2 Evaluate Key Processes</p> <ul style="list-style-type: none"> — Purchasing > A/P > Disbursement — Order > Fulfillment > A/R > Receipt — Business & Customer Development — Closing Process — Reporting Process 	<ul style="list-style-type: none"> • Process maps & write-ups • Example reports

Control/Budget/Forecast/Accounting & Reporting

- > faster & less variable process
- > improve data quality/validation
- > skill down capability
- > comparison of budget-forecast-actual
- > budget & actual by performance unit
- > F&A guidance/insight
- > ESC's/XP's more timely with better analysis of missed targets
- > internal system
- > system for other costs (not real/hot labor)
- > reduced workload for everyone in process
- > scalable system for future growth
